LIONS THEMED CARNIVAL, & FUN DOG SHOW SATURDAY 24TH JUNE 2023 ON THE COMMON

Dear Stall Holder,

2nd February 2023

I am writing to you because you have either supported the Lions' Carnival in the past or have expressed an interest for this year. Following the success of last year's Carnival, we are now planning for the year 2023 event, when the theme will be "**The Coronation of King Charles III**". Hopefully many of you will have kept your red, white & blue flags etc from last year, or even from the Coronation Day itself.

The Fun-day will still provide an opportunity for charities and groups to raise funds for yourselves by running your stalls and for local businesses & independent small traders to promote your goods and services by taking business pitches. For charities, if your local branch cannot man a stall, please pass this form to your nearest club as they may like to take part. If you are a regular attendee, we know times have been very hard & we have kept our requested donations down to the reduced fees as last year, which you will find on the Booking Conditions, but to help our own administration we ask you to book by 1st May. These fees go towards the cost of hiring The Common from The Council.

If you would like to take a stall, please read the enclosed booking conditions before returning the booking form with payment by cheque or with confirmation of online payment, as detailed in the "Conditions". Please note you do not have a booking until your cheque is cleared, or online payment is confirmed by our Bank, when an acknowledgement will be sent to you. You will also be sent detailed setting up instructions with your payment receipt, although your site position cannot be allocated until much later when all stall applications are known. If you have not got a receipt, you have not got a booking. If you have not received an acknowledgement within 10 days, please email me or telephone as above.

Please also note that **the number of tombola stalls is limited to 4**, on a first paid first served basis. If you intend to book a ride that needs a safety certificate and public liability insurance you **MUST** book at least 7 weeks before the event as the local Council requires copies of these forms by 8th May 2023.

If receiving this booking form as a Club Secretary or other Club Officer, please ensure that all your attendees are fully aware of all the conditions especially those involving **vehicles which are not allowed to block residential access roads at any time**. Please note that to save expense & for ease of correspondence our preferred communication is via email. (carnival@cranleightlions.org.)

As is traditional our Carnival and Fun Day is held on Cranleigh Common on the last Saturday in June. We look forward to seeing you on Saturday 24th June for what we very much hope will be an enjoyable day for all. We hope you will decorate your stall to celebrate our new King's coronation. The more stalls that join in the better the Common will look & hopefully the more people will attend

This mailing contains the booking information for stalls and side-shows at the fun-day only. If you would like to take part in our Carnival procession, please see our website page & email Lion Andrew Sutherland on andrew.sutherland59@hotmail.com. Fun Dog Show entries can be registered with [Lion Davy Worsfold](#) on the day.

Yours sincerely,

On behalf of the Cranleigh & District Lions Club,

Paul R Withers
